

The orphanages in Lithuania

01 Description

We support two children's homes in Lithuania. It is one way for us to give back to society.

Giving back to society is important to us. As several of our employees are from Lithuania, it was natural for us to choose to support two children's homes. Our employees visit at regular intervals, and the children's homes often send photographs of their work and activities with the children. This has given us a close relationship with the children's homes.
